ABSTRACT

One of six volumes summarizing through narrative and statistical tables data collected by the Equal Employment Opportunity Commission in its 1974 survey, this third volume details the employment status of minorities and women in county governments across the nation. Reports from 1,491 counties were used to project national employment figures. Statistics in this study are designed to highlight various aspects of the employment status of persons by six mutually exclusive race/ethnic groups and by sex. Included in the survey are eight job categories, fourteen government functions, and salary data. The conclusion was made that the status of minorities and women in county governments in 1974 was far from ideal. Although minorities (with the exception of Spanish Surnamed Americans) and women were fairly well represented in overall county government employment, both groups generally had difficulty accessing the better paying functions and occupations of government. New hire data from the survey indicate very slow progress toward changing employment patterns in county government. Appendixes, which make up the greater part of the document, contain statistical summaries of county government information, instructions for filing and report form, and source and reliability of data. FOREWORD

State and local public service agencies offer numerous jobs of varied nature, especially in times of rising unemployment in the private sector. Employment in State and local governments expanded, and employment of minorities and women increased slightly since the Commission's initial survey in 1973. However, equal employment opportunity has not yet been fulfilled in State and local government. The 1974 data reveal that minorities and women continue to be concentrated in relatively low-paying jobs, and even when employed in similar positions, they generally earn lower salaries than whites and men, respectively.

Through the EEO-4 survey, the Commission can observe and report on the activities of these public employers to help ensure that minorities and women are accorded their fair share of public employment.

Ethel Bent Walsh
Vice Chairman
Equal Employment
Opportunity Commission

ACKNOWLEDGEMENTS

Minorities and Women in State and Local Government is a product of the Research Division. This report was prepared by Mary L. Froning, Social Science Research Specialist, under the general supervision of Frank A. Haughton, Acting Chief, Research Branch and the direct guidance of Harriett Harper, Supervisory Economist. Chung-Kuang Cheng validated the statistics, Joan Hannan edited the report and Isabelle T. Richardson typed the report for publication.

TECHNICAL NOTE

The data in this report are based on statistics filed by 1,491 county governments in accordance with the Equal Employment Opportunity Act of 1972. The data collection instrument was the Equal Employment Opportunity Commission's "State and Local Government Information" (EEO-4) form.

These data do not include employees involved in either elementary and secondary or higher education activities, as these workers are included in separate EEOC reporting systems.

A detailed description of the survey method and reliability of data is contained in Appendix 3.

INTRODUCTION

The Equal Employment Opportunity Commission (EEOC) administers Title VII of the Civil Rights Act of 1964 (as amended by the Equal Employment Opportunity Act of 1972), which prohibits employment discrimination on the basis of race, color, religion, sex, and national origin. In accordance with Section 709(c) of the Act, State and local governments have been required since 1973 to file reports with EEOC concerning the race/ethnic and sex characteristics of their workforces.

The six volumes of Minorities and Women in State and Local Government-1974 summarize through narrative and statistical tables the data collected by EEOC in its 1974 EEO-4 survey of State and local governments. The volumes include a United States summary, plus separate summaries of the five types of governments (State, county, municipal, township, special district).

This third volume details the employment status of minorities and women in county governments across the nation. Reports from 1,491 counties were used to project national employment figures. EEOC estimated employment accounted for 88 percent of the total county government employment (non-education) reported by the U.S. Bureau of the Census. 1/

The statistics in this study are designed to highlight various aspects of the employment status of persons by six mutually exclusive race/ethnic groups 2/ and by sex. Eight job categories 2/ and 14 functions of government 2/ allow a comparison of the quality and quantity of jobs held by various groups of employees.

An important facet of the EEO-4 survey, not found in other surveys of EEOC, is the inclusion of salary data. This information provides an added dimension to the assessment of relative employment positions of minority and women employees.

1/ U.S. Bureau of the Census, Public Employment in 1974. Issued May 1975.

2/ See Appendix 2 for definitions.

GENERAL CHARACTERISTICS

The employment size of the 3,044 county governments in the United States ranges widely, depending upon the duties and responsibilities assigned to them. Even among counties with large populations (over 100,000), in 1974 employment ranged from 11 in Chittenden County, Vermont, to approximately 82,000 in Los Angeles County, California. 3/ Average salaries among that group of counties also varied widely. In Hidalgo County, Texas, the median salary of county workers was $5,000 a year, while in Wayne County, Michigan, the median was $15,000 annually. 3/

Total employment in county governments in the 1974 EEO-4 survey was 1,013,500 -- 821,200 full-time (81 percent) and 192,300 other than full-time (part-time and/or temporary) (19 percent). County government employees represented approximately one-fifth of all EEO-4 surveyed State and local government employees.

Over half of all county government employment in 1974 was concentrated in just three functions of government--financial administration/general control, hospitals and sanatoriums, and streets and highways. Other functions with significant employment were public welfare and police protection. (See table 1.)

Because of this functional distribution, there were large concentrations of employees in the following occupations: office/clerical (includes secretaries, clerks, and other office workers likely to be found in financial administration or public welfare); service/maintenance (includes orderlies in hospitals and truck drivers and laborers on highways); professionals (includes doctors and nurses in hospitals, social workers in public welfare, and accountants, probation officers, etc, in financial administration/general control); para-professionals (includes medical aides in hospitals and welfare service aides in public welfare); and protective service (includes bailiffs in general control and non-supervisory police officers in police protection). (See table 2.)

3/ U.S. Bureau of the Census, County Government Employment in 1974. Issued June 1975.

The functions and occupations which predominated in county government are of the types which are relatively open to minorities and women. Thus, both groups participated at rates at least equal to their incidences in the national civilian labor force (C.L.F.). Minorities were approximately 16 percent of both county employment and the 1974 C.L.F. Women were 39 percent of the C.L.F. at the time of the 1974 EEO-4 survey, and were 48 percent of the county government employees. (See table 3.)

Table 2. Occupational Distribution of Employees in County Government, 1974

Occupation	Number	Percent

FULL-TIME EMPLOYMENT

Most of the 821,200 full-time employees in the 1974 EEO-4 survey were concentrated in only a few of the fourteen functions found in county government. Table 4, showing the functional distribution of employees in descending order by size of employment, indicates that almost all employees were in five general activities: general administration (financial administration/general control), health care (hospitals and sanatoriums and health), construction and maintenance of county roads (streets and highways), administration of public assistance programs (public welfare), and public safety and administration of justice (police protection, general control, and corrections).

Table 4. Functional Distribution of Full-Time Employees in County Government, 1974

Function	Number	Percent
Total	821,236	100.0
Financial administration/general control	166,085	20.2
Hospitals and sanatoriums	151,798	18.5

Housing	4,862	.6
Other	30,677	3.7

Note: Due to rounding, percentages may not add to 100.0.
Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

Over half of the full-time county employees were either women (47 percent) or minority men (8 percent). Table 5 gives the breakdown of full-time employment by race/ethnic group and sex.

Employment of Minorities

Of the 135,300 minority group employees working full-time in county governments, an overwhelming majority were black (71 percent). Twenty-one percent were Spanish Surnamed Americans (SSA's), 5 percent were Asian Americans, 2 percent were American Indians, and 1 percent were other, unspecified minorities.

According to estimates based on 1974 U.S. Department of Labor and 1970 Census figures, minorities represented approximately 14 percent of the 1974 civilian labor force (C.L.F.) and were represented at that rate in 1974 EEO-4 county government employment. However, when employment is broken down into functions, it can be seen that minority group workers' participation often deviated considerably from this overall rate. For example, minorities participated at their highest rate, 28 percent, in the function (hospitals and sanatoriums) with the lowest median annual salary ($7,200) and their lowest rate, 5 percent, in the area (fire protection) with the highest median salary ($12,500). (See table 6.)

About one-half of all minorities were in two low-paying functions--hospitals and public welfare--though only one-fourth of all whites worked in those areas. Minorities were only half as likely as whites to be employed in the top-paying police and fire protection functions. (See table 7.)

Minorities generally seemed to have easier access to occupations which paid low salaries. In fact, the only minority participation rates equal to or greater than their incidence in the labor force were in two of the lowest paying occupations--para-professionals and service/maintenance. Minorities were most underrepresented in the top-paying administrators category. (See table 8.)

Table 5. Participation Rates of Full-Time Employees in County Government, by Sex and Race/Ethnic Group, 1974

Employee Group	Total		Men		Women	
	Number	Pct. of Total	Number	Pct. of Total	Number	Pct. of Total

Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

About seven of every 10 minorities compared with five of every 10 whites were employed as para-professionals, clericals, or service/maintenance workers. Only 20 percent of the minorities, but 35 percent of the whites, were in the well-paying and highly responsible occupations of administrators, professionals, and protective service. (See table 9.)

Because of the differences in employment profiles described above, minorities median salaries were lower than whites. The salary gap was about $700 a year, but there were differences of about $1,000 a year in five functions--streets and highways, police protection, health, housing, and community development. (See table 10.)

Differences between the salaries of minorities and whites formed no clear occupational pattern. While minorities received less than whites overall because of their concentration in low-paying occupations, given sampling error, their median salaries were approximately the same or higher than those of whites in most occupations. Aside from sampling error, this situation also may be due to the fact that minorities tend to find it easier to obtain jobs in urban areas where salaries are generally higher. The small numbers of minorities who have penetrated such occupations as administrator (3,400) and professional (13,800), appear to have median salaries similar to whites. (See table 11.)

Employment of Blacks. According to U.S. Department of Labor figures, blacks were 10 percent of the civilian labor force at the time of the 1974 EEO-4 survey. Blacks were about 12 percent of full-time county government employees. Black women comprised 57 percent of the black employees.

Blacks were represented unevenly among the various functions. For instance, they were represented at or above their civilian labor force rate in only five functions. Except for the corrections and the utilities and transportation functions, where blacks were relatively well paid compared with whites, those five functions were either low-paying for all employees (hospitals) or low-paying for blacks (public welfare and sanitation and sewage). Blacks represented small proportions of employees in the top-paying police and fire protection functions. (See table 6.)

Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

Blacks were more likely than any other group of employees to be in the normally low-paying hospitals and public welfare functions, and less likely to be in the generally low-paying, but often policy-making, financial administration/general control function. (See table 7.)

Blacks were underrepresented in the three top-paying occupations of administrators, professionals, and protective service workers. They were represented at rates twice their incidence in the labor force as para-professionals and service/maintenance workers. (See table 8.)

Smaller proportions of blacks than any other race/ethnic group were in white-collar, well-paying administrative, professional, and technical positions. Larger proportions of blacks than any other race/ethnic group were service/maintenance workers. (See table 9.)

Blacks' median salary was 90 percent that of whites. Salary distributions, however, indicate greater disadvantages for blacks. For example, only one-fifth of all blacks, compared with one-third of all whites, were paid $10,000 or more per year. (See table 12.)

Of the 147,800 persons hired for full-time positions between July 1, 1973 and June 30, 1974, 13 percent were black. However, they were hired at rates below their incidence in the labor force (10 percent) in all but two occupations--para-professionals and service/maintenance. (See table 13.) In fact, 56 percent of the blacks were hired into those low-paying positions, though only 35 percent of all new hires were so employed. (See table 14.)

Data on new hires, as defined for this survey, encompass both employee turnover and employment expansion during a full year, and therefore do not indicate net changes in an employee group's status. If these newly hired blacks did not remain on the payroll until June 30, 1974, or if they were hired to replace other blacks who left employment (due to retirement, quits, or other separations) the black employment profiles would not change markedly.

Table 12. Salary Distributions of Full-Time Employees in County Government, by Percent of Race/Ethnic Group, 1974

Salary Category	All Employees	White	Total Minority*	Black	Spanish Surnamed American	Asian American	American Indian

Employment of Spanish Surnamed Americans (SSA's). Spanish Surnamed Americans were 4.4 percent of the civilian labor force at the time of the 1974 EEO-4 survey, according to the U.S. Department of Labor. Spanish Surnamed Americans, however, were only 3.4 percent of all full-time county government employees. Only in two small functions--natural resources/parks and recreation and utilities and transportation--were SSA's represented at rates very much different than their overall rate. They were 5 percent of the 31,000 employees in natural resources and 6 percent of those in utilities and transportation. (See table 6.)

Table 7 indicates that about one-half of all SSA full-time employees in county government were in three functions of government with median annual salaries of about $8,000 or less--hospitals, financial administration, and streets and highways. Spanish Surnamed Americans were paid even less in those functions--about $7,300 or less.

The SSA participation rates among the various occupations ranged from 1.6 percent of the top-paying administrators to 4.8 percent of the low-paying service/maintenance workers. (See table 8.) About two-thirds of all Spanish Surnamed Americans compared with half of all whites were in three occupations with median salaries of about $7,000 or less--para-professionals, office/clerical, and service/maintenance. One-fifth of all Spanish Surnamed Americans, but one-third of all whites, were in occupations with median salaries of about $10,000 or more--administrators, professionals, and protective service workers. (See table 9.)

As a result of the functional and occupational differences described above, the median annual salary for Spanish Surnamed Americans was somewhat lower than for whites. In addition, while only 10 percent of all Spanish Surnamed Americans earned $13,000 or more per year, 16 percent of all whites earned that amount. (See table 10.)

Spanish Surnamed Americans represented just 3.9 percent of all newly hired employees, compared with an incidence in the labor force of 4.4 percent. Spanish Surnamed Americans were a low 2.5 percent of the new professionals, but 4.8 per-

cent of the office/clericals and 4.8 percent of the service/maintenance workers. (See table 13.) In fact, 56 percent of all SSA new hires, compared with 43 percent of the new white employees, were hired into the latter two low-paying occupations. (See table 14.) In fact, their employment profile would not evidence progress unless (1) most of the Spanish Surnamed Americans hired during the year continued to be employed at the time of the survey; or (2) many of the newly hired Spanish Surnamed Americans replaced non-SSA's.

Employment of Asian Americans. According to the 1970 Census, Asian Americans were approximately 0.8 percent of the nation's civilian labor force. They also were represented at that rate in county government in 1974. About 55 percent of the 6,500 Asians, compared with some 47 percent of all employees, were women.

Among the various functions of government the representation of Asians varied from 0.1 percent of the sanitation and sewage workers to 1.4 percent of the hospital and 1.5 percent of the utilities and transportation workers. (See table 6.) About half of all Asian employees were in three functions of government--hospitals, health, and public welfare. Only one-third of all white employees held jobs in those fields. (See table 7.)

The three functions in which Asians were concentrated are dominated by five occupations to which Asians had fairly open access. Asians were represented at or above their labor force rate in the administrators, professionals, technicians, paraprofessionals, and office/clerical categories. (See table 8.) In fact, an overwhelming proportion (88 percent) of all Asians were in those white-collar jobs, though just 64 percent of the positions in county government were classified in those categories. (See table 9.) Four of every ten Asians were professionals, and most of those (64 percent) were medical professionals--i.e., in either hospitals or health.

Because of their concentration in well-paying occupations, Asian Americans' median annual salary ($11,200) was the highest of any race/ethnic group. More than twice the proportion of Asians as whites (34 compared with 16 percent) earned $13,000 or more.

Employment of American Indians. There were 2,500 American Indians in county government in 1974, representing 0.3 percent of total employment, a rate roughly equivalent to their proportion of the labor force. They were represented at approximately that rate in every function of government. (See table 6.) American Indians were distributed among the functions differently than whites in only a few instances. They were less likely than whites to be in financial administration, and more likely to be in streets and highways and hospitals. (See table 7.)

American Indians were represented at approximately their labor force rate in each occupation. (See table 8.) Proportionately more Indians than whites (22 compared with 15 percent) were in the service/maintenance category, one of the lowest paying occupations. At the other end of the pay scale, a smaller percentage of Indians than whites (16 compared with 23 percent) worked as top-paid administrators and professionals. (See table 9.)

Because of their occupational distribution, Indians had a relatively low median salary. Indians were more likely than whites to be paid salaries of from $4,000 to $8,000 and less likely to receive salaries above $8,000. (See table 12.)

American Indians were represented at their civilian labor force rate among new hires both overall and in each occupation. (See table 13.) Of all the positions for which persons were newly hired between July 1, 1973 and June 30, 1974, 38 percent were in the para-professional and office/clerical categories; 46 percent of all Indian hires went into those low-paying occupations. (See table 14.) It should be remembered that this new hire pattern does not necessarily demonstrate a net change in American Indians' employment profiles.

Employment of Women

Women were 47 percent of the full-time county government workers in 1974, although they were only 39 percent of the labor force at the time of the EEO-4 survey. Women represented over half of all employees in each of four functions of government--public welfare, hospitals, health, and financial

administration. Those also were the only functions where women participated at a rate equal to or greater than their incidence in the labor force. Women were represented at their lowest rate in the top-paying fire protection function. (See table 6.)

Women and men were concentrated in far different functions of government. For example, 84 percent of the women compared with 32 percent of the men were in the four female-dominated functions mentioned above, only one of which (health) was relatively well-paying. Only one-fifth the proportion of women as men (11 compared to 55 percent) were in streets and highways, police protection, natural resources, and corrections; all but one of these (streets and highways) were relatively well paying.

Table 15. Functional Distribution of Full-Time Employees in County Government, by Sex, 1974

Function		Men	Women

Women earned less than men in every function of government, but the most significant difference was in financial administration where women's median annual salary was $3,500 lower than men's. There were other, larger variations, but they occurred in functions with small numbers of women (fire protection, housing, and community development).

Table 16. Salary Comparisons of Full-Time Employees in County Government, by Function and by Sex, 1974

Function	Median Annual Salary		
	Men	Women	Difference

Women participated among the eight occupations at rates ranging from 7 percent of the relatively well paid skilled craft workers to 89 percent of the poorly paid clerical workers. Women were particularly underrepresented in two well-paying, highly responsible occupations--administrators and protective service workers. (See table 8.)

Six of ten women, but only one of ten men, were in the low-paying para-professional and clerical fields. Ten times the proportion of men as women (20 compared to 2 percent) worked as protective service workers.

Note: Due to rounding, percentages may not add to 100.0.
Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

Women were paid less than men overall and in every occupation. Women earned 78 percent as much as men overall, but only 68 percent as much as men in the skilled craft category and 72 percent in the technicians category. Women administrators' median annual salary was about $3,500 lower than, or 74 percent that of, their male counterparts. (See table 18.)

Women were about half of the full-time new hires in county government. They represented a proportion equal to or greater than their labor force rate (39 percent) in only half of the eight occupations--professionals (most were social or medical workers, professional positions which for women were generally lower paying); technicians; para-professionals; and office/clericals. Women were only 10 percent of the newly hired protective service workers and 26 percent of the new administrators. (See table 13.)

Table 18. Salary Comparisons of Full-Time Employees in County Government, by Occupation and by Sex, 1974

Occupation	Median Annual Salary

Office/clerical	8,051	6,926	1,125
Skilled craft	8,701	5,889	2,812
Service/maintenance	7,266	5,834	1,432

Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

A majority (61 percent) of the newly hired women were either para-professionals or office/clerical workers; only 15 percent of the male new hires worked in those low-paying occupations. Only 3 percent of all women, compared with 21 percent of all men, were in the well-paying administrators and protective service categories. These new hire data would not necessarily indicate net changes in women's employment status, however, because new hire data covers both turnover and expansion in employment. (See table 19)

OTHER THAN FULL-TIME EMPLOYMENT

There were 192,300 part-time and/or temporary employees in county government in 1974. These employees were concentrated in somewhat different functions of government than were their full-time colleagues. Although approximately the same proportions of each group were in financial administration and hospitals, natural resources/parks and recreation employed other than full-time workers at a rate four times greater than full-time. This is explained by the large numbers of part-time and/or temporary summer park and recreation aides generally on board during the survey period (payroll period including June 30). Some 22 percent of the other than full-time employees, but 37 percent of the full-time employees, were in streets and highways, public welfare, and police protection. (See table 20.)

Table 20. Functional Distribution of Other Than Full-Time Employees in County Government, 1974

Function	Number	Percent Distribution
Total	192,296	100.0
Financial administration/general control	41,927	21.8
Hospitals and sanatoriums	32,401	16.8
Natural resources/parks and recreation	29,642	15.4
Streets and highways	18,339	9.5

Other	19,939	10.4

Note: Due to rounding, percentages may not add to 100.0.
Source: "State and Local Government Information" (EEO-4) Reports, EEOC, 1974.

Minorities represented 16 percent of the non-full-time employees in county governments, a rate equal to their share of full-time workers. Among the minority groups, there were no significant differences in participation rates between the two types of employment. Women as a group were represented at a somewhat higher rate in other than full-time employment, 51 compared with 47 percent. White women were 38 percent of full-time, but 44 percent of other than full-time employment. Minority women held a slightly smaller share of other than full-time employment, chiefly due to the smaller proportion held by black women. (See table 21.)

Seven of ten part-time and/or temporary employees were in three generally low-paying occupations--service/maintenance, clerical, and para-professionals. However, varying proportions of the race/ethnic groups held positions in these categories. Blacks, Spanish Surnamed Americans, and American Indians were more likely to work in these low-paying jobs than were Asian Americans or whites. Similarly, six of every ten female employees were in the low-paying, low-prestige para-professional and clerical jobs, compared with four of every ten employees and two of every ten male employees. (See table 22).

CONCLUSION

The status of minorities and women in county governments in 1974 was far from ideal. Although minorities (with the exception of Spanish Surnamed Americans) and women were fairly well represented in overall county government employment, both groups generally had difficulty accessing the better paying functions and occupations of government.

Bureau of the Census figures indicate a 39 percent increase in county government non-education employees between 1967 and 1974. Should this 5.6 percent per year average growth rate continue, county governments would have ample opportunity to provide an increased number of minorities and women with well-paying and responsible jobs through promotion and hiring. Unfortunately, new hire data from the 1974 EEO-4 survey indicate very slow progress toward the changing of employment patterns in county governments.

Appendix 2: State and Local Government Information (EEO-4), Instructions for Filing and Report Form

EQUAL EMPLOYMENT
OPPORTUNITY COMMISSION
WASHINGTON, D.C.

State and Local Reporting Committee
1800 G Street, N.W.
Washington, D.C. 20506

EEOC FORM 164, STATE AND LOCAL GOVERNMENT INFORMATION (EEO-4) (RCS: OMB No. 124-R0009)

INSTRUCTION BOOKLET

Under Public Law 88-352, Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, all States and local governments that have 15 or more employees are required to keep records and to make such reports to the Equal Employment Opportunity Commission as are specified in the regulations of the Commission. The applicable provisions of the law, Section 709(c) of Title VII, and the regulations issued by the Commission on May 14, 1973, are printed in full in the Appendix (4) to these instructions. School systems and educational institutions are covered by other employment surveys and are excluded from EEO-4.

In the interests of consistency, uniformity and economy, State and Local Government Report EEO-4 is being utilized by Federal government agencies that have responsibilities with respect to equal employment opportunity. A joint State and Local Reporting Committee with which this report must be filed represents these various Federal agencies. In addition, this report should bring about uniformity in State and local government recordkeeping and reporting and should serve as a valuable tool for use by the political jurisdictions in evaluating their own internal programs for insuring equal employment opportunity.

As stated above, the filing of Report EEO-4 is required by law; it *is not voluntary*. Under Section 709(c) of Title VII, the Attorney General of the United States may compel a jurisdiction to file this report by obtaining an order from a United States District Court.

1. WHO MUST FILE

Those who must file this report include (1) all States; (2) all other political jurisdictions which have 100 or more employees; and (3) an annual sample of those political jurisdictions which have 15-99 employees. The sample is rotated annually, so that none of the smaller jurisdictions will be required to file in consecutive years and all will be required to file in their turn. Sampled jurisdictions will be informed by receipt of the forms that they have been selected to report in a particular year.

2. WHO MUST KEEP RECORDS

Every political jurisdiction with 15 or more employees must make and keep records and statistics which would be necessary for the completion of Report EEO-4, as set forth in these instructions. Records must be kept for a period of 3 years. See regulations 1602.30 and 1602.31 in the Appendix (4).

Although the EEO-4 report requires the combining of agency data to complete the report, separate data for each agency must be maintained either by the agency itself or by the office responsible for preparing the EEO-4 report, and should be available upon request to representatives of Federal agencies.

3. HOW TO FILE

States should file a separate form for each function performed, maximum of 15 separate forms, for each Standard Metropolitan Statistical Area (SMSA), and a maximum of 15 forms for

the rest of the State, covering all employees not employed in an SMSA. State reports should cover state employees only. Where SMSA's cross State lines, the state is responsible only for that state's employment in that SMSA.

Recipients below the State level (county, city, township, special district) should file one form for each function listed on page 1 of the form (if that function is performed), for a maximum of 15 forms. Jurisdictions should report only persons working for the jurisdiction.

Where interstate, intercounty, etc., boards, agencies, commissions, or other type special district governments exist, the forms should be submitted by the headquarters of the special district.

Blank forms will be sent to a central office for the political jurisdiction. In those jurisdictions where all data are available at a single location, forms may be completed by the central office. Where data are not available centrally, figures should be obtained by the central office from all agencies and aggregated into the proper forms by functions. [In both cases, a list of *all agencies covered* should accompany the forms.]

Enclosed with the forms is a summary page on which you are requested to check those functions for which you are submitting completed reports; functions for which you are not reporting; and functions for which you will be reporting at a later date. This will facilitate our own record-keeping, and minimize unnecessary follow-up correspondence.

The summary form also contains a provision where one official can certify as to the accuracy and completeness of the entire report from the jurisdiction. If such certification can be and is made by one official, a separate signature on every form will not be required.

The fact that a branch or agency of a government has separately elected officials, or is autonomous or semiautonomous in its operations does not affect the legal status of the jurisdictions, nor the requirement that EEO–4 cover the entire jurisdiction. To the extent feasible, the report should cover all branches of the government. In any cases where that is not feasible, and data are not available to the central office of the government, *a list of agencies and addresses not included should accompany the report.*

In all cases, the original and 1 copy of all completed forms must be returned in one package.

4. WHEN TO FILE

This annual report must be filed with the Equal Employment Opportunity Commission. no later than September 30th. Employment Figures should cover the payroll period which includes June 30.

5. WHERE TO FILE

The completed reports (in duplicate) should be forwarded to the P.O. Box indicated on the EEO–4 form. All requests for additional report forms should also be directed to this address.

6. REQUESTS FOR INFORMATION AND SPECIAL PROCEDURES

An employer who claims that preparation or the filing of Report EEO–4 would create undue hardships may apply to the Commission for a special reporting procedure. In such cases, the employer should submit in writing an alternative proposal for compiling and reporting information to the EEO–4 Coordinator, Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506.

Only those special procedures approved in writing by the Commission are authorized. Such authorizations remain in effect until notification of cancellation is given. All requests for information should be sent to the same address.

7. ELECTED AND APPOINTED OFFICIALS

Section 701(f) of the Equal Employment Opportunity Act of 1972 contains an exemption for elected and certain appointed officials that is set forth in definition of "employee" in Appendix 1. Based on the legislative history of Section 701(f), the General Counsel of the Commission has ruled that this exemption was intended by the Congress to be construed narrowly. This ruling concluded that only the following persons would be included in the exemption:

(1) State and local elected officials.
(2) Such official's immediate secretary, administrative, legislative, or other immediate or first-line aide.
(3) Such official's legal advisor.
(4) Appointed cabinet officials in the case of a Governor, or heads of executive departments in the case of a Mayor or County Council.

No other persons appointed by an elected official are exempt under this interpretation. In no case is any person exempt who is appointed by an appointed official, whether or not the latter is himself exempt. Furthermore, as specified in Section 701(f), the exemption does not include employees subject to the civil service laws of a State government, governmental agency or political subdivision.

8. CONFIDENTIALITY

All reports and information from individual reports are subject to the confidentiality provisions of Section 709(e) of Title VII, and may not be made public prior to the institution of any proceeding under Title VII. However, aggregate data may be made public in a manner so as not to reveal any particular jurisdiction's statistics.

INSTRUCTIONS ON HOW TO PREPARE INFORMATION REPORTS

Definitions of Terms and Categories are Located in the Appendix

SECTION A – TYPE OF GOVERNMENT

Check one box indicating type of government.

SECTION B – IDENTIFICATION

Indicate the name and central mailing address of the governmental jurisdiction if different from address label in top margin.

SECTION C – FUNCTION

The forms are mailed in sets of 15, with a different function marked on each form in a set. Please use the appropriate form for each function for which you are reporting. The data should be aggregated for all agencies performing a particular function. This also applies to unspecified functions, which are to be combined on one report marked number 15, "Other." State education agencies, both agencies covering elementary and secondary schools and those covering higher education, should be included in Function 15.

If an agency's activities cover more than one of the form's specified functions, those activities should be separated and reported under separate functions, where it is feasible to do so. Where the political jurisdiction is unable to make such separation of data, the agency should be reported under the function that represents its dominant activity. For example, if a transportation department includes among other functions streets and highways and two-thirds of the employees of the department are engaged in street-and-highway activities, those employees should be separated out and reported separately if feasible. If not, the entire department should be reported in Function 2, Streets and Highways. *In no case, should more than one function be reported on a single form.*

To each report, attach a list giving the name and address of all agencies covered. If the data for any agency or branch of the government cannot be supplied by the central office of a jurisdiction, attach a list with the name and address of each agency not included.

SECTION D – EMPLOYMENT DATA AS OF JUNE 30

For purposes of this report, a person is an employee of a political jurisdiction if he is on the payroll of that jurisdiction, regardless of the source of the funds by which he is paid.

1. FULL-TIME EMPLOYEES

(For detailed explanation of job categories and race/ethnic identification, see Appendix.)

Employment data should include total full-time employment except those elected and appointed officials specified in section 7 above of these instructions. Where employees receive separate salaries or payments from two or more jurisdictions, but work full-time for one jurisdiction, they should be counted as full-time employees by that jurisdiction, and to the extent possible their annual salary should reflect their total earnings from all jurisdictions from which they are paid. Also, where a person is a full-time employee of a jurisdiction, but is employed in more than one function, he should be reported for the function which accounts for most of his work-time. Trainees should be counted in appropriate columns by job, salary, race, and sex.

a. **Race/Sex Data** – Columns A through L should reflect employment for the categories indicated. Every employee must be accounted for in *one and only one* of the categories. Definitions are included in the Appendix (2).

b. **Occupational Data** – Employment data should be reported by annual salary within job category. Report each employee in *only one* job/salary category. In order to simplify and standardize the

method of reporting, all jobs are considered as belonging in one of the broad occupations shown in the table. To assist you in determining how to place your jobs within the occupational groups, a description of job categories with examples follows in the Appendix (3). The list of examples is in no way exhaustive. *Total Line—Report *total employment for this matrix*, as well as column totals.

c. **Annual Salary**—Where employees are paid on other than an annual basis, their regular earnings in the payroll period including June 30, except for overtime pay which is not regular and recurrent, but including all special increments that are part of their annual earnings, should be expanded and expressed in terms of an annual income.

2. OTHER THAN FULL-TIME EMPLOYEES

Employment data should include all employees not included in the full-time matrix, except those specifically exempted (see Section 7, Elected and Appointed Officials). Where employees are working part-time for different jurisdictions, and are on separate payrolls of different jurisdictions, they should be reported as part-time employees of the separate jurisdictions. Persons on the payroll of the jurisdiction for a specified temporary appointment, such as the public employment program, should be included in this category.

*Total Line—Report *total employment for this matrix*, as well as column totals.

3. NEW HIRES DURING FISCAL YEAR

Statistics on new hires during the past fiscal year are required to be reported beginning with the 1974 survey. New hires data should reflect all permanent full-time employees hired from July 1 to June 30.

*Total Line—Report *total employment for this matrix*, as well as column totals.

REMARKS

Include in this section any remarks, explanations, or other pertinent information regarding this report.

NOTE: List here the National Crime Information Center (NCIC) numbers assigned by the U.S. Department of Justice to any criminal justice agencies whose data are included.

CERTIFICATION

The report must be certified and signed by an official responsible for the information, unless this report has been included in those certified and signed for on the summary page accompanying and submitted with the completed forms.

APPENDIX

1. DEFINITIONS APPLICABLE TO ALL EMPLOYERS

a. "Commission" refers to the Equal Employment Opportunity Commission established under Title VII of the Civil Rights Act of 1964.

b. "Employee" means an individual employed by a political jurisdiction, who is on the payroll of that jurisdiction, regardless of the source of the funds by which he is paid. The following is an exception from the definition, subject to the interpretation in Section 7 above of these instructions: The term "employee" shall not include any person elected to public office in any State or political subdivision of any State by the qualified voters thereof, or any person chosen by such officer to be on such officer's personal staff, or an appointee on the policymaking level or an immediate adviser with respect to the exercise of the constitutional or legal powers of the office. The exception set forth in the preceding sentence shall *not* include employees subject to the civil service laws of a State government, governmental agency or political subdivision.

c. "Full-time Employees"—Persons employed during this pay period to work the number of hours per week that represent regular full-time employment (excluding temporaries and intermittents).

d. "Other than Full-time Employees"—Persons employed during this pay period on a part-time basis. Include those daily or hourly employees usually engaged for less than the regular full-time work week, temporaries working on a seasonal basis (whether part-time or full-time) or hired for the duration of a particular job or operation, including public employment programs, and intermittents.

e. "New Hires During Fiscal Year"—Persons both with and without previous experience and transfers who were hired for the first time in this jurisdiction or rehired after a break in service for permanent full-time employment.

2. RACE/ETHNIC IDENTIFICATION

An employer may acquire the race/ethnic information necessary for this section either by visual surveys of the work force, or from post-employment records as to the identity of employees. An employee may be included in the minority group to which he or she appears to belong, or is regarded in the community as belonging.

Since visual surveys are permitted, the fact that race/ethnic identifications are not present on agency records is not an excuse for failure to provide the data called for. However, although the Commission does not encourage direct inquiry as a method of determining racial or ethnic identity, this method is not prohibited in cases where it has been used in the past, or where other methods are not practical, provided it is not used for purposes of discrimination.

Moreover, the fact that employees may be located at different addresses does not provide an acceptable reason for failure to comply with the reporting requirements. In such cases, it is recommended that visual surveys be conducted for the employer by persons such as supervisors who are responsible for the work of the employees or to whom the employees report for instructions or otherwise.

Please note that the General Counsel of the Commission has ruled, on the basis of court decisions, that the Commission has the authority to require the racial and ethnic identification of employees, regardless of any possibly conflicting state or local laws.

The concept of race as used by the Equal Employment Opportunity Commission does *not* denote clearcut scientific definitions of anthropological origins. For the purposes of this report, an employee may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person should be counted in more than *one* race/ethnic category.

NOTE: The category "Spanish Surnamed", while not a race identification, is included as a separate ethnic category because of the employment discrimination often encountered by this group; for this reason do not include Spanish Surnamed under either "white" or "black".

For the purposes of this report, the following group categories will be used:

a. The category "White": include persons of Indo-European descent, including Pakistani and East Indian.
b. The category "Black": include persons of African descent as well as those identified as Jamacian, Trinidadian, and West Indian.
c. The category "Spanish Surnamed": include all persons of Mexican, Puerto Rican, Cuban, Latin American or Spanish descent.
d. The category "American Indian": include persons who identify themselves or are known as such by virtue of tribal association.
e. The category "Asian American": include persons of Japanese, Chinese, Korean or Filipino descent.
f. The category "Other": include Aleuts, Eskimos, Malayans, Thais and others not covered by the specific categories on the form.

3. DESCRIPTION OF JOB CATEGORIES

a. **Officials and Administrators:** Occupations in which employees set broad policies, exercise overall responsibility for execution of these policies, or direct individual departments or special phases of the agency's operations, or provide specialized consultation on a regional, district or area basis. Includes: department heads, bureau chiefs, division chiefs, directors, deputy directors, controllers, examiners, wardens, superintendents, sheriffs, police and fire chiefs and inspectors and kindred workers.

b. **Professionals:** Occupations which require specialized and theoretical knowledge which is usually acquired through college training or through work experience and other training which provides comparable knowledge. Includes: personnel and labor relations workers, social workers, doctors, psychologists, registered nurses, economists, dieticians, lawyers, system analysts, accountants, engineers, employment and vocational rehabilitation counselors, teachers or instructors, police and fire captains and lieutenants and kindred workers.

c. **Technicians:** Occupations which require a combination of basic scientific or technical knowledge and manual skill which can be obtained through specialized post-secondary school education or through equivalent on-the-job training. Includes: computer programmers and operators, draftsmen, surveyors, licensed practical nurses,

photographers, radio operators, technical illustrators, highway technicians, technicians (medical, dental, electronic, physical sciences), assessors, inspectors, police and fire sergeants and kindred workers.

d. **Protective Service Workers:** Occupations in which workers are entrusted with public safety, security and protection from destructive forces. Includes: police patrol officers, fire fighters, guards, deputy sheriffs, bailiffs, correctional officers, detectives, marshals, harbor patrol officers and kindred workers.

e. **Paraprofessionals:** Occupations in which workers perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional or technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept. Includes: library assistants, research assistants, medical aides, child support workers, police auxiliary, welfare service aides, recreation assistants, homemakers aides, home health aides, and kindred workers.

f. **Office and Clerical:** Occupations in which workers are responsible for internal and external communication, recording and retrieval of data and/or information and other paperwork required in an office. Includes: bookkeepers, messengers, office machine operators, clerk-typists, stenographers, court transcribers, hearing reporters, statistical clerks, dispatchers, license distributors, payroll clerks and kindred workers.

g. **Skilled Craft Workers:** Occupations in which workers perform jobs which require special manual skill and a thorough and comprehensive knowledge of the processes involved in the work which is acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Includes: mechanics and repairmen, electricians, heavy equipment operators, stationary engineers, skilled machining occupations, carpenters, compositors and typesetters and kindred workers.

h. **Service-Maintenance:** Occupations in which workers perform duties which result in or contribute to the comfort, convenience, hygiene or safety of the general public or which contribute to the upkeep and care of buildings, facilities or grounds of public property. Workers in this group may operate machinery. Includes: chauffeurs, laundry and dry cleaning operatives, truck drivers, bus drivers, garage laborers, custodial personnel, gardeners and groundkeepers, refuse collectors, construction laborers.

4. LEGAL BASIS FOR REQUIREMENTS

Section 709(c), Title VII, Civil Rights Act of 1964

(As Amended by the Equal Employment Opportunity Act of 1972)

Recordkeeping; reports

Every employer, employment agency, and labor organization subject to this title shall (1) make and keep such records relevant to the determinations of whether unlawful employment practices have been or are being committed, (2) preserve such records for such periods, and (3) make such reports therefrom as the Commission shall prescribe by regulation or order, after public hearing, as reasonable, necessary, or appropriate for the enforcement of this title or the regulations or orders thereunder. The Commission shall, by regulation, require each employer, labor organization, and joint labor-management committee subject to this title which controls an apprenticeship or other training program to maintain such records as are reasonably necessary to carry out the purposes of this title, including, but not limited to, a list of applicants who wish to participate in such program, including the chronological order in which applications were received, and to furnish to the Commission upon request, a detailed description of the manner in which persons are selected to participate in the apprenticeship or other training program. Any employer, employment agency, labor organization, or joint labor-management committee which believes that the application to it of any regulation or order issued under this section would result in undue hardship may apply to the Commission for an exemption from the application of such regulation or order, and, if such application for an exemption is denied, bring a civil action in the United States district court for the district where such records are kept. If the Commission or the court, as the case may be, finds that the application of the regulation or order to the employer, employment agency, or labor organization in question would impose an undue hardship, the Commission or the court, as the case may be, may grant appropriate relief. If any person required to comply with

the provisions of this subsection fails or refuses to do so, the United States district court for the district in which such person is found, resides, or transacts business, shall, upon application of the Commission, or the Attorney General in a case involving a government, governmental agency or political subdivision, have jurisdiction to issue to such person an order requiring him to comply.

Title 29, Chapter XIV, Code of Federal Regulations

Subpart I—State and Local Governments Recordkeeping

§1602.30 Records to be made or kept.

On or before July 30, 1973, and annually thereafter, every political jurisdiction with 15 or more employees is required to make or keep records and the information therefrom which are or would be necessary for the completion of report EEO–4 under the circumstances set forth in the instructions thereto, whether or not the political jurisdiction is required to file such report under § 1602.32 of the regulations in this part. The instructions are specifically incorporated herein by reference and have the same force and effect as other sections of this part.[1] Such records and the information therefrom shall be retained at all times for a period of 3 years at the central office of the political jurisdiction and shall be made available if requested by an officer, agent, or employee of the Commission under Section 710 of Title VII, as amended. Although agency data are aggregated by functions for purposes of reporting, separate data for each agency must be maintained either by the agency itself or by the office of the political jurisdiction responsible for preparing the EEO–4 form. It is the responsibility of every political jurisdiction to obtain from the Commission or its delegate necessary instructions in order to comply with the requirements of this section.

§1602.31 Preservation of records made or kept.

(a) Any personnel or employment record made or kept by a political jurisdiction (including but not necessarily limited to application forms submitted by applicants and other records having to do with hiring, promotion, demotion, transfer, layoff or termination, rates of pay or other terms of compensation, and selection for training or apprenticeship) shall be preserved by the political jurisdiction for a period of 2 years from the date of the making of the record or the personnel action involved, whichever occurs later. In the case of involuntary termination of an employee, the personnel records of the individual terminated shall be kept for a period of 2 years from the date of termination. Where a charge of discrimination has been filed, or an action brought by the Attorney General against a political jurisdiction under title VII, the respondent political jurisdiction shall preserve all personnel records relevant to the charge or action until final disposition of the charge or the action. The term "personnel record relevant to the charge," for example, would include personnel or employment records relating to the person claiming to be aggrieved and to all other employees holding positions similar to that held or sought by the person claiming to be aggrieved; and application forms or test papers completed by an unsuccessful applicant and by all other candidates for the same position as that for which the person claiming to be aggrieved applied and was rejected. The date of final disposition of the charge or the action means the date of expiration of the statutory period within which a person claiming to be aggrieved may bring an action in a U.S. district court or, where an action is brought against a political jurisdiction either by a person claiming to be aggrieved or by the Attorney General, the date on which such litigation is terminated.

(b) The requirements of this section shall not apply to application forms and other preemployment records of applicants for positions known to applicants to be of a temporary or seasonal nature.

Subpart J—State and Local Government Information Report

§1602.32 Requirement for filing and preserving copy of report.

(a) On or before July 30, 1974 and annually thereafter, certain political jurisdictions subject to title VII of the Civil Rights Act of 1964, as amended, shall file with the Commission or its delegate executed copies of "State and Local Government Information Report EEO–4" in conformity with the directions set forth in the form and

[1] NOTE.—Instructions were published as an appendix to the proposed regulations on Mar. 2, 1973 (38 FR 5662).

accompanying instructions. The political jurisdictions covered by this regulation are (1) those which have 100 or more employees, and (2) those other political jurisdictions which have 15 or more employees from whom the Commission requests the filing of reports. Every such political jurisdiction shall retain at all times a copy of the most recently filed EEO–4 at the central office of the political jurisdiction for a period of 3 years and shall make the same available if requested by an officer, agent, or employee of the Commission under the authority of Section 710 of Title VII, as amended.

(b) For calendar year 1973, the requirements of paragraph (a) of this section shall be carried out on or before October 31, 1973.

§ 1602.33 Penalty for making of willfully false statements on report.

The making of willfully false statements on report EEO–4, is a violation of the United States Code, Title 18, Section 1001, and is punishable by fine or imprisonment as set forth therein.

§ 1602.34 Commission's remedy for political jurisdiction's failure to file report.

Any political jurisdiction failing or refusing to file report EEO–4 when required to do so may be compelled to file by order of a U.S. district court, upon application of the Attorney General.

§ 1602.35 Political jurisdiction's exemption from reporting requirements.

If it is claimed the preparation or filing of the report would create undue hardship, the political jurisdiction may apply to the Commission for an exemption from the requirements set forth in this part by submitting to the Commission or its delegate a specific proposal for an alternative reporting system prior to the date on which the report is due.

§ 1602.36 Schools exemption.

The recordkeeping and report-filing requirements of subparts I and J shall not apply to State or local educational institutions or to school districts or school systems or any other educational functions. The previous sentence of this section shall not act to bar jurisdiction which otherwise would attach under § 1602.30.

§ 1602.37 Additional reporting requirements.

The Commission reserves the right to require reports, other than that designated as the "State and Local Government Information Report EEO–4," about the employment practices of individual political jurisdictions or group of political jurisdictions whenever, in its judgment, special or supplemental reports are necessary to accomplish the purposes of Title VII. Any system for the requirement of such reports will be established in accordance with the procedures referred to in section 709(c) of Title VII and as otherwise prescribed by law.

Subpart K—Records and Inquiries as to Race, Color, National Origin, or Sex

§ 1602.38 Applicability of State or local law.

The requirements imposed by the Equal Employment Opportunity Commission in these regulations, subparts I and J, supersede any provisions of State or local law which may conflict with them.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

STATE AND LOCAL GOVERNMENT INFORMATION (EEO-4)

EXCLUDE SCHOOL SYSTEMS AND EDUCATIONAL INSTITUTIONS

(Read attached instructions prior to completing this form)

FORM APPROVED OMB NO. 124-R0009

MAIL COMPLETED FORM TO:

A. TYPE OF GOVERNMENT (Check one box only)

☐ 1. State ☐ 2. County ☐ 3. City ☐ 4. Township ☐ 5. Special district

☐ 6. Other (Specify)_____

B. IDENTIFICATION

1. NAME OF POLITICAL JURISDICTION (If same as label, skip to Item C)

EEOC USE ONLY A

2. Address - Number and Street	CITY/TOWN	COUNTY	STATE/ZIP

B

C. FUNCTION

(Check one box to indicate the function for which this form is being submitted. Data should be reported for all departments and agencies in your government covered by the function indicated. If you cannot supply the data for every agency within the function, please attach a list showing name and address of agencies whose data are not included.)

☐ 1. FINANCIAL ADMINISTRATION. Tax assessing, tax billing and collection, budgeting, purchasing, central accounting and similar financial administration carried on by a treasurer's, auditor's or comptroller's office and

GENERAL CONTROL. Duties usually performed by boards of supervisors or commissioners, central administrative offices and agencies, central personnel or planning agencies, all judicial offices and employees (judges, magistrates, bailiffs, etc.)

☐ 2. STREETS AND HIGHWAYS. Maintenance, repair, construction and administration of streets, alleys, sidewalks, roads, highways and bridges.

☐ 3. PUBLIC WELFARE. Maintenance of homes and other institutions for the needy; administration of public assistance. (Hospitals and sanitoriums should be reported as item 7.)

☐ 4. POLICE PROTECTION. Duties of a police department, sheriff's, constable's, coroner's office, etc., including technical and clerical employees engaged in police activities.

☐ 5. FIRE PROTECTION. Duties of the uniformed fire force and clerical employees. (Report any forest fire protection activities as item 6.)

☐ 6. NATURAL RESOURCES. Agriculture, forestry, forest fire protection, irrigation, drainage, flood control, etc., and

PARKS AND RECREATION. Provision, maintenance and operation of parks, playgrounds, swimming pools, auditoriums, museums, marinas, zoo, etc.

☐ 7. HOSPITALS AND SANITORIUMS. Operation and maintenance of institutions for inpatient medical care.

☐ 8. HEALTH. Provision of public health services, out-patient clinics, visiting nurses, food and sanitary inspections, mental health, etc.

☐ 9. HOUSING. Code enforcement, low rent public housing, fair housing or divorce enforcement, housing for elderly, housing rehabilitation, rent control.

☐ 10. COMMUNITY DEVELOPMENT. Planning, zoning, land development, open space, beautification, preservation.

☐ 11. CORRECTIONS. Jails, reformatories, detention homes, half-way houses, prisons, parole and probation activities.

☐ 12. UTILITIES AND TRANSPORTATION. Includes water supply, electric power, transit, gas, airports, water transportation and terminals.

☐ 13. SANITATION AND SEWAGE. Street cleaning, garbage and refuse collection and disposal. Provision, maintenance and operation of sanitary and storm sewer systems and sewage disposal plants.

☐ 14. EMPLOYMENT SECURITY

☐ 15. OTHER (Specify)

Appendix 3: Source and Reliability of Data

COUNTY GOVERNMENTS

SOURCE AND RELIABILITY OF DATA

For this report employment information was obtained from county governments employing 15 or more non-elected and non-appointed full-time employees. In selecting the sample, the counties were stratified by employment size. All jurisdictions with more than 100 full-time employees were included and a systematic random sample was taken of those county governments with full-time employment between 15 and 99. Forms were mailed to 1,708 counties. The overall response rate was 94 percent.

The statistics in this report which are based entirely or partially on sample data are subject to sampling variation which may cause them to vary somewhat from the result that would have been obtained had all jurisdictions been asked to submit their employment data.

The estimates presented in this report include adjustments for non-response and are based upon the summation of the certainty units and the weighted sample units. Sampling error calculations indicate that the chances are 95 out of 100 that the figure which would be obtained from a complete enumeration is within 0.3 percent (plus or minus) of the EEO-4 estimate of total full-time employment. The complete count, without any sample error, would fall at some point in this range.

Estimates of subtotals, such as by individual functions, are subject to relatively larger variation, and range from 1.8 percent for "Financial administration" to 13.3 percent for "Housing."

The tables in this report present estimates of median salaries. The sampling variability of an estimated median depends upon the relevant salary distribution as well as the size of the base. The smaller the base the larger the variability of a median.

Table 1 following contains 95 percent confidence intervals for medians of various magnitudes and bases, and is intended to give some general indication of the relative size of the sampling variability of the medians.

A 95 percent confidence interval is defined such that if many samples of the same size were taken and a two standard error confidence interval were formed for each sample median, about 95 out of 100 of the intervals would contain the median which would result from a complete enumeration.

If in comparing two medians their confidence intervals overlap the assumption is that a complete enumeration could well show them to be of the same magnitude.

Table 1. Sampling Variability of Selected Medians

Characteristics	Median Salary	Base	95 Percent Confidence Interval
Total	$ 8,271	821,236	$ 8,214 - $ 8,326
White	8,411	685,930	8,358 - 8,472
